GENERAL INFORMATION

PRICES

In every instance the price named is entirely in keeping with the high quality of our guaranteed stock. Inferior grades of stock may be bought for less, but poor stock is costly at any price and an experienced planter will not buy it. It is not so much what the customer pays as it is what he gets for what he pays that determines his degree of satisfaction.

We Guarantee Stock to be Delivered in Good Condition.

We Replace at One-half List Price Any Stock that Fails to Grow First Season.

TRANSPORTATION CHARGES PAID

We pay transportation charges on nursery stock at prices quoted, making delivery by Truck, Freight, Express or Parcel Post, as we find advisable.

SUNDIAL—SUNTYME

All lovers of the quaint and unusual are attracted by the sundial. It is a never-ending source of amusement to watch the hours as they are registered by the changing sun. It is especially interesting to the children.

In ancient days, the passing of the sunny hours was registered by the classical sundial. It is this antiquity which has given so much charm to the first of all time pieces and today finds the sundial a much favored piece of Garden Furniture. The Suntyme Pedestal closely adheres to the Grecian original. It stands 32 in. high and the top measures 12 in. across. Approximate weight 150 lbs.
